

T-RCP Application for the BRC (updated)

This application is for enrollment in a Transitional RiderCoach Preparation Course (T-RCP). It is to be completed by MSF-certified RiderCoaches or RiderCoach Trainers interested in becoming certified as a RiderCoach in the BRC (updated). This does not certify RCTs as RCTs in the BRC (updated); a separate course (T-RCTP) is used for BRC 2013 RCTs to become BRC (updated) RCTs. A completed application and RC/T Rules of Professional Conduct must be submitted to the appropriate responsible party prior to attending a T-RCP, and the applicant must receive official permission from an appropriate administrator and/or MSF to attend.

Prerequisites for attending a T-RCP include but are not limited to the following:

1. Currently active and in good standing as an MSF RiderCoach and/or RiderCoach Trainer
2. Affiliation with a RERP site that has or will seek RERP approval to conduct the BRC
3. Affiliation with RERP site(s) that has electronic capability for classroom lessons (site or RiderCoach provided)
4. Personal access to high-speed Internet
5. Experience in making presentations using Microsoft PowerPoint® or similar slide programs
6. Facilitation skills related to conducting effective small-group learning activities
7. Agreement to return all course-related materials if unsuccessful in T-RCP; there is a 6-month period before re-application is accepted.
8. Meet jurisdictional criteria beyond MSF requirements

T-RCP completion requirements include but are not limited to the following:

1. Completion and submission of this application and acceptance into a T-RCP
2. Signing the RC/T Rules of Professional Conduct and including it with this application
3. Completing the MSF Basic eCourse prior to the T-RCP and providing a completion certificate at the T-RCP; MSF will provide a link to enroll in the MSF Basic eCourse at no cost
4. Passing an online or on-site qualifying knowledge test related to the pre-course assignment
5. Successfully completing peer teaching assignments
6. Passing a skill test, which is identical to the student skill test but with more stringent passing criteria
7. Passing an end-of-course (T-RCP) knowledge test
8. Having no deficiencies in qualitative assessment during the T-RCP

Re-certification: once certified as a RiderCoach for the BRC (updated) and within a two-year cycle, conduct four BRCs (updated) or their equivalent and successfully complete an online recertification process in the Professional Development Center in the Rider Education and Training System Online Resource Guide (RETSORG) on the MSF website. There may not be violations related to the RC/T Rules of Professional Conduct.
